Con riferimento all'incarico di:

DIRIGENTE MEDICO

ricoperto presso l'Azienda Ospedaliera Universitaria "Paolo Giaccone" di Palermo

Fare clic o toccare qui per immettere il testo.

- consapevole che ai sensi dell'art. 76 del D.P.R. 445 del 28.12.2000, rilasciare dichiarazioni mendaci, formare atti falsi o farne uso nei casi previsti dal medesimo decreto costituisce condotta punibile ai sensi del codice penale e delle leggi speciali in materia;
- consapevole delle conseguenze di cui all'art. 20, comma 5, del D.Lgs. n. 39/2013, in caso di dichiarazioni mendaci

DICHIARA

di non trovarsi in alcuna delle situazioni di inconferibilità e/o incompatibilità previste dal D.Lgs. 8 aprile 2013, n.39, di cui ho preso visione.

In particolare, ai fini delle cause di inconferibilità dichiara:

- di non aver riportato condanna, anche con sentenza non passata in giudicato, per uno dei reati previsti dal capo I del titolo II del libro secondo del codice penale (art. 3 D.Lgs n.39/2013);
- di non trovarsi nelle cause di inconferibilità di cui all'art.4 del D.Lgs.39/2013;
- di non trovarsi nelle cause di inconferibilità di cui all'art.7 del D.Lgs n.39/2013.

Ai fini delle cause di incompatibilità dichiara:

- di non trovarsi nelle cause di incompatibilità di cui all'art. 9 del D.Lgs n.39/2013;
- di non trovarsi nelle cause di incompatibilità di cui all'art.11 del D.Lgs n.39/2013;
- di non trovarsi nelle cause di incompatibilità di cui all'art.12 del D.Lgs n.39/2013;
- di non trovarsi nelle cause di incompatibilità di cui all'art.13, comma 2 e comma 3, del D.Lgs n.39/2013

SI IMPEGNA

Ai sensi dell'art.20 D.Lgs. N. 39/2013 a rendere dichiarazione, con cadenza annuale, sulla insussistenza delle cause di incompatibilità previste dal citato decreto e a comunicare tempestivamente eventuali variazioni del contenuto della presente rendendo se del caso una nuova dichiarazione sostitutiva.

Clinical Studies

Janssen Protocol study CINTO1959PSA3004 (PAREXEL no. 256442)

Sub-investigator of the interventional study... study in progress

Novartis Studio CAIN457F2342

Sub-Investigator of Phase III study, randomized, double-blind, placebo controlled multi center study of subcutaneous secukinumab (150 mg and 300 mg) in prefilled syringe to

demonstrate efficacy (including inhibition of structural damage), safety, and tolerability up to 2 years in subjects with active psoriatic arthritis (FUTURE 5). CAIN457F2342

Studio Sirena CINTO1275PSA4006

SIRENA Study: Spondyloarthritis Italian Registry: Evidence from a National pathway

Sub-Investigator of the prospective observational study in patients with newly diagnosed confirmed spondyloarthritis according to ASAS criteria, naive to conventional, synthetic, directed to target and biological DMARDs.

GoBeyond Studio MK-82596415

"A prospective observational study to assess the real world effectiveness of golimumab in patients with active rheumatoid arthritis

(RA), psoriatic arthritis (PsA), or axial Spondyloarthritis (axSpA) and failure of an initial tumor necrosis factor alpha inhibitor (TNFi) therapy.

GO-BEYOND-Italy "

Sub-investigator of the observational study code MK-82596415

Personal Skills and Competences

I have learned the important role of empathy in carrying out medical work. The relationship of trust between patient and doctor is the basis of the good result of each therapy and also of each process aimed at defining the diagnosis.

Native language

Italian

Other languages

- Reading ability
- Writing skills
- Oral Expression Skills

English

Excellent

Excellent

Good

Relational Skills and Competences

ABILITY TO WORK IN A GROUP

Acquired during my experiences at the Policlinico Giaccone in Palermo and during my experience at the UOC of Rheumatology of the Policlinico Umberto I (Sapienza University of Rome).

SPIRIT OF ABNEGATION AND SACRIFICE

I believe it is essential for a doctor to have the ability to sacrifice himself in order to improve the patient's hospital experience. The sacrifice lies not only in a mere calculation of extra hours worked but in concentration and the desire to investigate certain cases when these prove difficult to resolve.

Skills and competences

Organizational

EXCELLENT MANAGEMENT AND ORGANIZATIONAL SKILLS EVEN UNDER STRESS

During the experience of managing beds and patients at the OBI-Covid del Palermo Polyclinic and the management of hospitalizations in the Covid ward, still in progress, I have refined and continuing to refine management skills that in my previous experiences I did not have

been able to put to the test in such a constant way and under a considerable level of stress and pressure. It is not really easy to be available to patients while waiting for the result of the tampon and trying to organize the beds in the various departments with the 'goal of ensuring timeliness and continuity of care, all through constant dialogue with First Aid and Health Management.

Technical skills and competences

COMPETENCE OF MUSCULOSKELETAL ULTRASOUND

I acquired this competence during my training period in the department of Rheumatology of the Palermo Polyclinic and through courses dedicated to muscle ultrasound skeletal.

COMPETENCE OF EXECUTION OF VIDEO-CAPILLAROSCOPY

I acquired this important skill during the training period at the Rheumatology Unit of the Umberto I Polyclinic of the Sapienza University of Rome, with Prof. Valeria Riccieri.
